Large Scale Comprehensive Plan Amendment  
2010**

**CASE NUMBER:** CP-A2010-0002

**DATE:** April 13, 2010

**APPLICANT:** Sumter County

**REQUESTED ACTION**

To transmit to the Florida Department of Community Affairs a Proposed Amendment to the Intergovernmental Coordination Element of the Comprehensive Plan and to add a new Policies Regarding the Interlocal Service Boundary/Joint Planning Agreement adopted by the City of Wildwood, the City of Webster, and Sumter County in September 2009.

**GENERAL DESCRIPTION AND BACKGROUND**

On October 18, 2007, the City of Webster and on March 4, 2008, the City of Center Hill adopted initiating resolutions for the negotiation of an Interlocal Service Boundary/Joint Planning Agreement (ISBA/JPA) with the County, pursuant to Chapter 171, Part II Florida Statutes. On December 18, 2007, the County adopted the responding resolution for the negotiation of an ISBA/JPA with the City of Webster. On April 8, 2008, the County adopted the responding resolution for the negotiation of an ISBA/JPA with the City of Center Hill..

Over a 2 year period, the County and cities worked diligently to prepare the respective ISBA/JPAa. On September 22, 2009, the Sumter County Board of County Commissioners adopted the ISBA/JPA for the City of Center Hill (Ord. 2009-19). On September 29, 2009, the Sumter County Board of County Commissioners adopted the ISBA/JPA for the City of Webster (Ord. 2009-21).

The ISBA/JPA establishes a system of coordinated and consolidated public services and establishes a framework for the future growth of the cities and the county.

The following provides a brief summary of the components of the agreement:

Master Agreement - The Master Agreement sets out the general provisions for the execution of the various sub-agreements for specific public services. A few of the critical components of the Master Agreement are: monthly joint meetings between the County Administrator and officials of the cities, 20-year period for the agreement, dispute resolution process, limitation on future charter county provisions, mechanism for amendment of agreement during the term, and general recognition of the benefits in the coordination and consolidation of public services through the implementation of the agreement.

Planning- The Planning sub-agreement establishes a Municipal Service Area (MSA)/Joint Planning Area (JPA) that designates the anticipated future

boundary of the City of Webster and City of Center Hill. In addition, a unified land use pattern is recognized within this MSA/JPA area, and, in the future, the cities may annex properties not contiguous with the city limits. It is important to note that the land uses and ability to annex non-contiguous property does not become effective until such time as the cities and County adopt future amendments to each respective comprehensive plan implementing the MSA/JPA. Planning, zoning, and development review services for the cities are consolidated with the County. The County's Planning Department serves as the staff for each of the cities related to planning, zoning, and development review issues. In addition, a unified/joint comprehensive plan will be developed for the County and the cities.

**Water & Sewer** - The Water & Sewer sub-agreement establishes that the County will not become a water or sewer provider unless needed to address failing private systems or areas with environmental limitations that are not planned to be served by a city. The sub-agreement establishes an Utility Service Area, consistent with Chapter 180, Florida Statutes. For development requiring connection to central water or sewer services, the sub-agreement provides for the County requiring, if available, development projects to connect to city services. If a city can not provide the services, then the developer can construct a private system to city specifications and turn over the system to the city at a future date. Also, the city is required to install fire hydrants no further than 1,200 feet apart on newly constructed water lines of six (6) inches or more in diameter. The County is only responsible for fire flow tests and minor fire hydrant maintenance, as defined in the sub-agreement. The city is responsible for all other maintenance of fire hydrants.

**Roads** - The Roads sub-agreement provides for the transition of County jurisdiction roads to city jurisdiction based on the following condition: 51% of the frontage of parcels on both sides of a road segment are within or annexed within the City, with the exception of Regionally Significant Roads and Emerging Regionally Significant Roads defined by the Lake-Sumter MPO. These Regionally Significant Roads shall remain in the County's jurisdiction. Emerging Regionally Significant Roads shall remain under the jurisdiction of the County for three (3) years after the road segment meets the 51% condition. If after the three (3) year period the road is not designated as a Regionally Significant Road, then the road will transfer jurisdiction to the City. The County and cities agree to work with the Lake-Sumter MPO in the development of a 2035 Long Range Transportation Plan and multi-modal transportation master plan and maintaining a unified concurrency management system. The cities and County will coordinate in the development of Proportionate Share and other agreements to mitigate transportation impacts of new development. The sub-agreement provides for the ability to implement Municipal Services Benefit or Taxing Units (MSBU or MSTU) for transportation funding and provides for the collection of 100% of the County's road impact fee within all areas of the cities. The cities may adopt its own road impact fee that does not duplicate the County's road impact fee. The use of a

maintenance agreement between the cities and County is recognized to provide the opportunity for the cities to increase maintenance beyond base County maintenance (i.e. landscaping, drainage, etc.). The County agrees that if the Lake-Sumter MPO increases the County's representation on the MPO's governing board, then the County will request the additional representative be a rotating city representative.

**Building Services** - The Building Services sub-agreement consolidates building plan review, inspection, and code enforcement for the cities with the County.

**Parks and Recreation** - The Parks and Recreation sub-agreement provides that the County will abstain from active park development (i.e. ball fields, soccer fields, etc.) and focus on large passive regional parks (40 acres or larger with passive recreation opportunities). The cities maintain the ability to charge differential fees for unincorporated County residents and have the ability, in coordination with the County, to implement Municipal Service or Taxing Benefit Units (MSBU or MSTU) for parks. Also, the cities will provide an opportunity for County park staff to become city employees, at the sole discretion of the cities.

**Fire Services** - The Fires Services sub-agreement simply maintains the existing unified fire prevention and suppression service. Also, it provides for the County to be the sole provider of fire building plan review and inspections.

**Libraries** - The Libraries sub-agreement maintains the County library services within the cities. The City of Center Hill ceased collection of library impact fees on September 30, 2009, at 11:59 p.m. and is required to transfer any balances in the City's library impact fee fund to the County for use in the development of a new County library or other future library construction or enhancements in the City.

**Workforce Housing** - The Workforce Housing sub-agreement maintains the County as the unified point of service for workforce housing. The sub-agreement also provides for the development of a unified strategy to promote workforce housing.

**Solid Waste** - The Solid Waste sub-agreement maintains the County as a point of collection and disposal. However, the cities maintain the ability to utilize other points of collection and disposal services if it is more cost effective for the city.

**Stormwater Management** - The Stormwater Management sub-agreement provides that the cities and County are each responsible for their own compliance with National Pollution Discharge Elimination System (NPDES) requirements. Also, it provides for the joint participation of the cities with the

County in basin studies, impacting the city, with the Southwest Florida Water Management District.

Geographic Information Systems - The Geographic Information Systems (GIS) sub-agreement provides for the County to provide GIS services to the cities. Also, the County will be responsible for all 911 addressing within the City.

Law Enforcement - The Law Enforcement sub-agreement simply maintains the mutual aid agreement between the cities and the Sheriff's Office.

Mosquito Control - The Mosquito Control sub-agreement provides for the County to provide mosquito control services within the cities.

Animal Control - The Animal Control sub-agreement provides for the County to provide animal control services within the cities.

A requirement of Chapter 171, Part II, Florida Statutes, for the ISBA/JPA is that a policy be added to the Intergovernmental Coordination Element of each respective jurisdiction's Comprehensive Plan recognizing the adoption of the agreement. Pursuant to this requirement, the following policies are proposed to be added to the Intergovernmental Coordination Element of the Sumter County Comprehensive Plan:

Policy 5.1.1.6 The County shall coordinate with the City of Webster regarding planning, water and sewer, roads, parks and recreation, fire services, library services, workforce housing, solid waste, stormwater, geographic information systems, law enforcement, mosquito control, and animal control pursuant to an Interlocal Service Boundary and Joint Planning Agreement adopted by the County on September 29, 2009, Ordinance 2009-21.

Policy 5.1.1.7 The County shall coordinate with the City of Center Hill regarding planning, water and sewer, roads, parks and recreation, fire services, library services, workforce housing, solid waste, stormwater, geographic information systems, law enforcement, mosquito control, and animal control pursuant to an Interlocal Service Boundary and Joint Planning Agreement adopted by the County on September 22, 2009, Ordinance 2009-19.

#### **INTERNAL CONSISTENCY**

This proposed amendment furthers the existing goals, objectives, and policies of the Sumter County Comprehensive Plan by providing a mechanism to implement and maintain true intergovernmental coordination for the provision of public services and establishment of land use and development patterns.

#### **PROPOSED AMENDMENT TO THE CAPITAL IMPROVEMENTS PLAN**

If the County grants a greater benefit to any other city, the City shall be given an opportunity to obtain an equivalent benefit. The County shall not deny the City such equivalent benefit unless it would be unreasonable to grant said benefit.

4. Term of Agreement. This Agreement and all attached subagreements shall take effect upon final adoption of the ordinances adopting this agreement enacted by the County and the City. The effective date shall be the date of final adoption by the City or County, whichever is later. 7. Dispute Resolution. The County and City agree to resolve any dispute related to the interpretation or performance of this Agreement in the manner described in this section. Initiation of the dispute resolution process shall operate as a stay of the action which is the subject of the dispute.

- a. Notwithstanding the foregoing, in the event that either Party determines in its sole discretion and good faith that it is necessary to file a lawsuit or other formal challenge in order to meet a jurisdictional time deadline, to obtain a temporary injunction, or otherwise to preserve a legal or equitable right related to this Agreement, such lawsuit or challenge may be filed, but upon the filing and any other act necessary to preserve the legal or equitable right or to obtain the temporary injunction, the Parties shall thereafter promptly file a joint motion with the reviewing court or administrative law judge requesting that the case be abated in order to afford the Parties an opportunity

2 granted, the Parties shall revert to and pursue the dispute resolution procedures set  
3 forth herein.  
4

5 b. Within ten (10) days of the abatement order, the allegedly aggrieved party shall then  
6 effect the transmittal of a notice of conflict, in the form of a certified letter, to all  
7 governmental bodies involved in the dispute at issue. Upon receipt of the notice,  
8 which shall specify the areas of disagreement, the Parties agree to conduct a conflict  
9 assessment meeting at a reasonable time and place, as mutually agreed upon, within  
10 thirty (30) days of receipt of the notice of conflict.  
11

12 c. If discussions between the Parties at the conflict resolution meeting fail to resolve the  
13 dispute, within forty (40) days of the receipt of the notice described in subparagraph  
14 a, above, the Parties shall conduct mediation in the presence of a neutral third party  
15 mediator. If the Parties are unable to agree upon a mediator, the County shall request  
16 appointment of a mediator by the Chief Judge of the Circuit Court in and for Sumter  
17 County, Florida. The mediation contemplated by this Section is intended to be an  
18 informal and non-adversarial process with the objective of helping the Parties reach a  
19 mutually acceptable and voluntary agreement. The decision-making shall rest solely  
20 with the Parties. The mediator shall assist the Parties in identifying issues, fostering  
21 joint problem-solving and exploring settlement alternatives.  
22

23 d. If the Parties are unable to reach a mediated settlement, within fifty (50) days of the  
24 receipt of the initial notice of conflict, the parties shall hold a joint intergovernmental  
25 meeting. If the joint intergovernmental meeting does not successfully resolve the  
26 issues identified in the notice of conflict, the entities participating in the dispute  
27 resolution procedures described herein may avail themselves of any otherwise  
28 available rights, including the suspension of abatement of existing actions.  
29

30 e. The Parties agree that this dispute resolution procedure satisfies the requirements of  
31 Chapter 164, Florida Statutes.  
32

33 8. Duplication of Services. The Parties hereto agree that if any Party undertakes any action  
34 which will result in overlapping, competition, or duplication in the current service  
35 delivery arrangements or in the future service delivery strategy described in this  
36 Agreement, that Party shall notify the other Parties to this Agreement, in accordance with  
37 Florida law. Further, the transfers of any lands, transportation facilities (including

If this Agreement or any portion hereof is challenged by any judicial, administrative, or appellate proceeding (each Party hereby covenanting with the other Party not to initiate or acquiesce to such challenge or not to appeal any decision invalidating any portion of this Agreement), the Parties collectively and individually agree, at their individual sole cost and expense, to defend in good faith its validity through to a final judicial determination, unless both Parties mutually agree in writing not to defend such challenge or not to appeal any decision invalidating any portion of this Agreement.
14. Periodic Review. Each month, during the term of this Agreement, the City Manager or City's designee and County Administrator shall meet to discuss and resolve any issues or concerns related to this Agreement.

3 lands, ensure protection of natural resources, and to establish a unified countywide planning  
4 organization; and  
5

6 WHEREAS, the extension of the City and County facilities and services are most  
7 efficiently provided if the process and timing of long range planning and development review

11

12 NOW, THEREFORE, in consideration of the mutual covenants set forth in this  
13 Agreement, the receipt and sufficiency of which are hereby acknowledged, the City and the  
14 County agree that a coordinated and unified approach to planning, zoning, and development  
15 review will result in development patterns that protect and promote the health and welfare of all  
16 of the citizens of Sumter County and agree that a need exists to change said service delivery  
17 arrangements in the following manner:  
18

19 1. Planning Service Delivery.  
20

- 21 a. The County shall serve as the single, unified point of service for planning,  
22 zoning, and development review issues throughout unincorporated Sumter  
23 County including the City. This service shall be known for purposes of this  
24 Agreement as the "Unified Sumter County Planning Service". The Unified  
25 Sumter County Planning Service will provide staff support and  
26 recommendations to the City's planning or zoning review authority and  
27 governing body. The City's governing body shall retain independent approval  
28 of planning, zoning, and development review issues as provided by local  
29 ordinance and State law.  
30
- 31 b. The Unified Sumter County Planning Service will function and be funded as a  
32 Sub-division under Sumter County Board of County Commissioners.  
33
- 34 c. As needed, certain qualified staff members of City currently responsible for  
35 planning, zoning, and development review functions shall be provided the  
36 opportunity by the County to become employees of the Unified Sumter  
37 County Planning Service. However, the County is not obligated to employ or  
38 compensate every staff member of the City whose employment status is  
39 affected by the implementation of this Agreement.  
40
- 41 d. The County shall be responsible for funding of the staff and operational costs  
42 of the Unified Sumter County Planning Service.  
43
- 44 e. The County and City shall be independently responsible for costs related to  
45 studies for Community Redevelopment Agencies (CRA) or other special  
46 districts. If the parties hereto mutually determine that the cost of these studies  
47 must be shared amongst the affected jurisdictions, then a separate joint  
48 funding agreement is required to be approved by the governing boards of the

1 participating jurisdictions.

- 2
- 3 2. Unified County-City Comprehensive Plan. The County and City agree to prepare and
- 4 adopt a unified Sumter County Comprehensive Plan, consistent with Chapter 163, Part
- 5 II, Florida Statutes. This unified Sumter County Comprehensive Plan shall serve as
- 6 the comprehensive plan required for each jurisdiction pursuant to Chapter 163, Part
- 7 II, Florida Statutes. Preparation and adoption of the unified Sumter County
- 8 Comprehensive Plan shall occur as part of the Evaluation and Appraisal Report
- 9 (EAR) process (Section 163.3191, Florida Statutes) for Sumter County. Sumter
- 10 County's EAR is due to the Florida Department of Community Affairs by January 1,
- 11 2010, and the related amendments to the Comprehensive Plan by February 2011.
- 12
- 13 3. Municipal Service Area.
- 14
- 15 a. The Municipal Service Area (MSA) is defined as the area outside of the City's
- 16 boundary that constitutes a logical area for urbanized development and serves
- 17 as the Joint Planning Area (JPA), as more specifically defined in Section
- 18 171.202(11) and Section 163.3171, Florida Statutes;
- 19
- 20 b. The City shall demonstrate that public services are readily available or
- 21 planned to be provided within a reasonable timeframe within the MSA;
- 22
- 23 c. Consistent with Section 171.203(11) and Section 163.3171, Florida Statutes,
- 24 the County and City shall, at their earliest convenience, incorporate the
- 25 boundaries of the MSA into the Future Land Use Maps of their respective
- 26 Comprehensive Plans or of the Unified Comprehensive Plan, if the Unified
- 27 Comprehensive Plan is adopted;
- 28
- 29 d. The County and City shall transmit their respective Comprehensive Plan
- 30 amendments as soon as possible to assure compliance with any applicable
- 31 requirement of Chapters 163 and 171, Florida Statutes. The City and County
- 32 further agree that if approval of the Comprehensive Plan amendments by the
- 33 Florida Department of Community Affairs exceeds any applicable time
- 34 frames required by Statute for such approval, that this Agreement will remain
- 35 in full force and effect and the Parties will continue to work together to seek
- 36 approval of the required amendments; and
- 37
- 38 e. The MSA is shown on Map 1.
- 39
- 40 4. Global Changes to MSA Boundary. Global changes to the MSA boundary shall be
- 41 by amendment to the Comprehensive Plans of the County and City or Unified
- 42 Comprehensive Plan, if the Unified Comprehensive Plan is adopted, and shall, not be
- 43 effective unless jointly approved by both the County and City or determined through
- 44 dispute resolution.
- 45
- 46
- 47
- 48

1           5. Future Land Use Pattern.  
2

- 3           a. The City and County agree to the generalized future land use pattern for the  
4           MSA shown on Map 2. The City and County shall amend their respective  
5           Comprehensive Plan's or Unified Comprehensive Plan, if the Unified  
6           Comprehensive Plan is adopted, future land use maps to reflect the agreed  
7           future land use pattern. The County shall prepare the required amendments  
8           for the City and County through the Unified Sumter County Planning Service.  
9           If the Florida Department of Community Affairs fails to approve the  
10          amendments, this Agreement will remain in full force and effect and the  
11          Parties will continue to work together to determine the proper future land uses  
12          and obtain approval by the Florida Department of Community Affairs.  
13
- 14          b. The County and City agree to utilize the results of the County's 2008  
15          countywide visioning process to provide a general framework for  
16          development of the generalized future land use pattern.  
17

18          6. Annexation within the MSA. Within the MSA, the City may annex property that is  
19          not contiguous, creates enclaves, or creates pockets with the understanding that the  
20          property proposed for annexation must meet the following criteria:  
21

- 22          a. Consistent with the prerequisites to annexation and consent requirements for  
23          annexation in Section 171.204 and Section 171.205, Florida Statutes;  
24
- 25          b. Utilities are available or scheduled to be provided to the property within five  
26          (5) years;  
27
- 28          c. A road directly impacted by the annexation, meaning such road directly abuts  
29          the property or otherwise provides significant service to the property, meets  
30          concurrency or concurrency deficiencies are mitigated through a binding  
31          agreement;  
32
- 33          d. All other municipal services are available to the site; and  
34
- 35          e. City has adopted the MSA as part of its Comprehensive Plan, as required by  
36          Section 171.203(11), Florida Statutes.  
37

38          7. Minor Amendments to MSA Boundary. The MSA may be expanded to include one  
39          specific property for annexation following joint approval by the City and County.  
40          Approval shall not be unreasonable withheld if the property meets the criteria for  
41          annexation within the MSA and there is no increase in density or intensity of  
42          development. If there is an impasse, the City and County will resolve through the  
43          dispute resolution process.  
44  
45  
46  
47  
48

1       8.   Determination of Properties Partially in the MSA.  
2

- 3           a.   If at least 50% of the area of the property proposed to be annexed is within  
4               the MSA, then the property shall be treated as if it were all within the MSA  
5               for purposes of this Agreement;  
6  
7           b.   If less than 50% of the area of the property to be annexed is within the MSA,  
8               then it shall be treated as outside the MSA for purposes of this Agreement;  
9               and  
10  
11          c.   The above provisions shall not be construed so that a property owner could  
12               not choose to annex a portion of a property inside the MSA.

WHEREAS, the County does not provide any water or sewer services and does intend to provide these services except for specific situations described within this Agreement, and the City provides water services within the city and in surrounding unincorporated areas but provides for no sewer services at this time; and

WHEREAS, the County and City recognize the most efficient approach to provide water and sewer services is a coordinated and unified approach between the County and the City; and

WHEREAS, the Florida Interlocal Cooperation Act of 1969, Section 163.01, Florida Statutes, encourages and empowers local government to cooperate with one another on matters of mutual interest and advantage, and provides for interlocal agreements between local governments on matters such as water and sewer services; and

NOW, THEREFORE, in consideration of the mutual covenants set forth in this Agreement, the receipt and sufficiency of which are hereby acknowledged, the City and the County agree that a coordinated and unified approach to water and sewer services results in a more efficient and effective method of service and promotes the health and welfare for all of the citizens of Sumter County. Therefore, the County and City agree a need exists to implement said service delivery arrangements in the following manner:

1. Municipal Service Area (MSA) and Utility Service Area (USA).

- a. The Municipal Service Area (MSA) is the area designated and defined within the Planning Services Sub-Agreement.
- b. The Utility Service Area (USA) is the area within which the City currently

10 County and City pursuant to this Agreement.

11

12 2. Right of First Refusal.

13

- 14 a. The County shall require new development within the USA, which requires  
15 central water and/or sewer services, to connect, if available, to the City's water  
16 and/or sewer system when available.
- 17
- 18 b. Within its respective USA, each city has first right of refusal to provide water,  
19 wastewater, and reclaimed water services to a project.

- 21 c. If the city in whose USA the project is located cannot serve that project, the  
22 adjacent USA nearest to the project has the first right of refusal.
- 23
- 24 d. If no city can serve the project, the developer may construct a system approved by  
25 the city in whose USA they are located; and if agreed upon by the city and  
26 developer, turn the system over to that city.
- 27

28 3. Portion of Property in USA.

29

- 30 a. If at least 50% of the area of a property or combined contiguous properties under  
31 the same ownership or control is within the USA, then the property shall be  
32 treated as if it were all within the USA for purposes of this Agreement.
- 33
- 34 b. If less than 50% of the area of a property or combined contiguous properties  
35 under the same ownership or control is within the USA, then it shall be treated as  
36 outside of the USA for purposes of this Agreement.
- 37

38 4. Abstention from County Public Water/Wastewater System The County shall abstain  
39 from the development and operation of public water and sewer services within the  
40 USA except in the following circumstances:

41

- 42 a. Failure of a private or municipal public water and/or sewer provider or the failure  
43 of a homeowner's association to provide for the service to its customers;
- 44
- 45 b. Failure of or obsolete private wells or septic tanks in an area that would result in a  
46 significant negative impact to public health or environmental resources; and
- 47
- 48 c. The City shall have the right of first refusal to provide the services to the failed

1 water and/or sewer system or areas with failed or obsolete private wells or septic  
2 tanks.

3  
4 5. Fire Hydrants.

44

45 NOW, THEREFORE, in consideration of the mutual covenants set forth in this Agreement,  
46 the receipt and sufficiency of which are hereby acknowledged, the City and the County agree  
47 that a coordinated approach to road services will result in better and more efficiently maintained

1 roads for all of the citizens of Sumter County and a need exists to change said service delivery  
2 arrangements in the following manner:

3  
4 1. Service Delivery Agreement.

- 5  
6 a. Sumter County shall retain all roads designated as “Regionally Significant” by the  
7 Lake-Sumter Metropolitan Planning Organization (LSMPO) within the Municipal  
8 Service Area (MSA);  
9
- 10 b. Roads designated as “Emerging Regionally Significant” by the LSMPO as indicated  
11 on the attached Map “3” will be maintained by the County for up to three (3) years  
12 after the City annexes 51% of the linear footage of the road in order to allow time for  
13 full consideration of the road to transition its classification to a “Regionally  
14 Significant” road. If the road is not classified as “Regionally Significant” after this  
15 three (3) year period, then the road shall be transferred to the jurisdiction and  
16 maintenance responsibility of the City. However, if at any time prior to or after the  
17 three (3) year period the road becomes classified as “Regionally Significant” by the  
18 LSMPO the County shall maintain, if prior to the three (3) year period, or be  
19 transferred, if after the (3) year period, jurisdiction and maintenance responsibility for  
20 the road;  
21
- 22 c. On October 1 2009, all non-“Regionally Significant” County roads within or adjacent  
23 to the existing City boundary shall become roads under the City’s jurisdiction and  
24 maintenance responsibility upon the occurrence of the following condition: At least  
25 fifty-one percent (51%) of the road segment is either within or adjacent to the existing  
26 City boundary;  
27
- 28 d. All non-“Regionally Significant” County roads within the MSA shall become roads  
29 under the City’s jurisdiction and maintenance responsibility by segment upon  
30 annexation of at least fifty-one percent (51%) of an agreeable segment;  
31
- 32 e. Road segment for purposes of this agreement shall mean the portion of a non-  
33 regionally significant road between two major intersecting roads. Major intersecting  
34 roads shall be those roads as identified on Map “3” and any other road which is not  
35 now designated.  
36
- 37 f. The 51% is calculated based on the frontage of annexed parcels on each side of the  
38 road segment between two major intersecting roads; and  
39
- 40 g. Once 51% or more of a segment is annexed, the entire road segment between the two  
41 major intersecting roads will be deemed annexed into the City and under the City’s  
42 jurisdiction, and ownership and the City will be fully responsible for all maintenance  
43 and other responsibilities of the road;  
44
- 45 h. Any County or City agreements for road improvements with other governmental or  
46 private entities existing at the time of the approval of this Agreement shall remain in  
47 full force and effect except in the case of a conflict with this Agreement, in which  
48 case the terms of this Agreement shall prevail; and,

- 1
- 2 i. The parties recognize that jurisdiction for purposes of all law enforcement issues shall
- 3 be governed by the law enforcement subagreement. The ownership of the road shall
- 4 mean that the party owning the road is responsible for maintenance, upgrades,
- 5 ownership of the right of way and all of the other rights and responsibilities related to
- 6 the roads other than those which fall within the purview of law enforcement.
- 7

8 2. Level of Service. Within the MSA, the City and County will establish the following

9 Level of Service Standards (LOS):

10

11 Interstate, Limited Access Parkways	C
12 Principal Arterials	D
13 Minor Arterials	D
14 Major and Minor Collectors	D
15 Local Streets	D

16

17 If an LOS standard is to be established below what is stated, both City and County must

18 approve the change.

19

20 For Strategic Intermodal System (SIS) Facilities and Transportation Regional Incentive

21 Program (TRIP) Funded roadways, the LOS shall be established by the Florida

22 Department of Transportation (FDOT).

23

24 3. Planning for Roads.

25

- 26 a. Once adopted by the Lake-Sumter Metropolitan Planning Organization (LSMPO), the
- 27 City and County agree to adopt the LSMPO 2035 Long Range Transportation Plan.
- 28 The County shall assure the City has the opportunity to participate in the development
- 29 of the LSMPO 2035 Long Range Transportation Plan;
- 30
- 31 b. Within the MSA, the County and City will work together on the design of roads;

- 34 the LSMPO. This plan will include, but not be limited to, mass transit, pedestrian
- 35 trails/sidewalks, bicycle trails, etc.;

- 38 (CMS) through the LSMPO. The City and County agree to update the system when
- 39 applicable including de-minimus trips. The County shall bear the cost of this system;
- 40 and
- 41
- 42 e. The City and County agree to update the CMS with yearly traffic counts.
- 43

44 4. Review of Development within the MSA.

45

- 46 a. Within the MSA, the City and County agree to contract with the LSMPO to review
- 47 all traffic impact studies for development meeting a mutually acceptable threshold;
- 48 and

- 1  
2 b. Within the MSA, the City and County agree to enter into Proportionate Share  
3 Agreements or other similar agreements, for development meeting a mutually  
4 acceptable threshold, with the City, County, developer, and other impacted  
5 jurisdictions to establish required traffic mitigation and responsibility for mitigation.  
6

7 5. Funding.  
8

- 9 a. The County may establish a Municipal Services Benefit Unit (MSBU) or a Municipal  
10 Services Taxing Unit (MSTU) to fund improvements of County or City roads. If the  
11 County wishes to extend the MSTU into the City, it must obtain the agreement of the  
12 City Council. The City may request that the County establish a MSTU in areas of  
13 the City and County to provide funding for improvements to interjurisdictional roads.  
14 If the City requests the establishment of MSTU, then the City shall fund and  
15 complete the necessary studies and analysis to establish MSTU. If a MSTU is  
16 pursued by the County, then the County shall fund the costs of the necessary studies  
17 and analysis to establish the countywide MSTU. If the County and City jointly pursue  
18 a MSTU, then the City shall fund their proportionate share of the costs of the  
19 necessary studies and analysis to establish the joint MSTU. The proportionate share  
20 shall be based on the percentage of the City's population compared to the total  
21 countywide population using the most recent population estimated by BEBR;  
22  
23 b. The City may establish a special assessment within the City limits to fund  
24 improvements of City roads as long as the City meets all of the requirements of  
25 Chapter 170, Florida Statutes.  
26  
27 c. The County shall collect 100% of the applicable County road impact fees within all  
28 areas of the City, to mitigate for impacts to County and State roadways; and  
29  
30 d. Within the City limits, the City may also enact additional road impact fees that do not  
31 duplicate the County's road impact fee; and  
32  
33 e. City and County will work together on funding sources for capital improvements  
34 relative to transportation within the MSA.  
35

36 6. Maintenance.  
37

- 38 a. "Regionally Significant" roads within the MSA: The City and County may enter into  
39 maintenance agreements for certain segments of "Regionally Significant" roads  
40 within the MSA. The County agrees that the City shall be justly compensated for any  
41 and all maintenance subjugated to the City through a maintenance agreement. These  
42 maintenance agreements shall include, but not be limited to:  
43  
44 i. Any mowing, edging, tree trimming, maintenance of shrubs, flowers, trees,  
45 special grasses, ornamentals, or irrigation of rights-of-ways outside the pavement  
46 or edge of curb and within medians;  
47

- 1                   ii. Jurisdiction for all stormwater drainage and retention systems associated with the  
2                   "Regionally Significant" road systems; and  
3  
4                   iii. The cost of maintenance shall be negotiated between the parties on an annual  
5                   basis as part of the budgetary process.  
6  
7                   b. The County will be responsible for all stormwater drainage retention systems  
8                   associated with "Regionally Significant" roads. If the City agrees to mow these  
9                   areas, the City will be justly compensated; and  
10  
11                  c. All non-"Regionally Significant" whose jurisdiction is transferred to the City under  
12                  the terms of this agreement shall be maintained by the City unless otherwise agreed  
13                  to in a separate maintenance agreement.  
14  
15                  7. LSMPO Representation. If and/or when Sumter County has two (2) or more voting  
16                  representatives on the LSMPO Governing Board, then the County shall ask that one of  
17                  the voting members be an annually rotating Sumter County municipality. Once a  
18                  municipality joins the LSMPO Board as an independent voting member, then they will  
19                  not be eligible to participate on the rotation.

This Building Permitting and Inspection Services Delivery Agreement (the "Agreement") is made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2009, by and between the City of Center Hill ("City") and Sumter County ("County").

WHEREAS, the City possesses Municipal Home Rule Powers pursuant to Article VIII, Section 2(b), Florida Constitution and Section 166.021, Florida Statutes; and

WHEREAS, the County possesses powers of self government as provided by general or special law, so long as such acts are in the common interest of the people of the County, said powers being held and exercised pursuant to Article VIII, Section 1(f), Florida Constitution and Section 125.01, Florida Statutes; and

WHEREAS, The County and City each provide building permitting and inspection services within their respective jurisdictions. This independent approach to building permitting and inspections does not allow for the most efficient provision of this service. Currently, there is minimal coordination of building permitting and inspection issues; and

WHEREAS, the Florida Interlocal Cooperation Act of 1969, Section 163.01, Florida Statutes, encourages and empowers local government to cooperate with one another on matters of mutual interest and advantage, and provides for interlocal agreements between local governments on matters such as building permitting and inspection services; and

WHEREAS, the Municipal Annexation or Contraction Act, Chapter 171, Part I, Florida Statutes, and the Interlocal Service Boundary Agreement Act, Chapter 171, Part II, Florida Statutes, recognizes the use of interlocal service boundary agreements and joint planning agreements as a means to coordinate public services such as building permitting and inspections.

NOW, THEREFORE, in consideration of the mutual covenants set forth in this Agreement, the receipt and sufficiency of which are hereby acknowledged, the City and the County agree a unified approach to building permitting and inspection services will result in a more efficient and cost effective method of service and promote the safety and welfare of all of the citizens of Sumter County and agree a need exists to change said service delivery arrangements in the following manner:

## 1. Service Delivery Agreement.

6 Sub-division under Sumter County Board of County Commissioners.  
7

8 c. The County shall be responsible for funding of the staff and operational costs of  
9 the Consolidated County/City Building Services. Funding for the Consolidated  
10 County/City Building Services shall be generated from fees collected for building  
11 permit applications, reviews, and inspections within unincorporated Sumter  
12 County and the City. Fees collected for building permits, reviews, and  
13 inspections within the City shall be based on the City's fee schedule in effect on  
14 September 8, 2009. Each month, the County shall return to the City 20% of fees  
15 collected for building permit applications, reviews, and inspections for properties  
16 within the City.  
17

18 d. The County and City agree to prepare and adopt unified operational procedures  
19 for building permit processing, review, and inspections to assure a high level of  
20 service to customers without undue delay.  
21

22 2. Fire Inspections and Plan Review. Consistent with existing interlocal agreement(s), the  
23 County, through Sumter County Fire Rescue, shall, pursuant to Section 633.0215, Florida

**HISTORY/FACTS/ISSUES:**

On October 18, 2007, the City of Webster adopted an initiating resolution for the negotiation of an Interlocal Service Boundary Agreement with the County, pursuant to Chapter 171, Part II, Florida Statutes. On December 18, 2009, the County adopted the responding resolution for the negotiation of an Interlocal Service Boundary Agreement with the City.

Over the past two years, the County and City have worked diligently to prepare the Interlocal Service Boundary Agreement. On July 21, 2009, the Board held a joint workshop with the Webster City Council to review the proposed Interlocal Service Boundary Agreement. The consensus from the joint workshop was to move forward with adoption of the agreement. On September 28, 2009, the City of Webster will hold their final public hearing to adopt the ordinance implementing the Interlocal Service Boundary Agreement.

This public hearing is for the Board to consider adoption of the county's ordinance to implement the Interlocal Service Boundary Agreement. Attached are the ordinance, Interlocal Service Boundary Agreement, and summary of status of agreements with all five cities.

31 time prior to the termination date.

33 interpretation or performance of this Agreement in the manner described in this section.

39 discretion and good faith that it is necessary to file a lawsuit or other formal challenge  
40 in order to meet a jurisdictional time deadline, to obtain a temporary injunction, or  
41 otherwise to preserve a legal or equitable right related to this Agreement, such lawsuit  
42 or challenge may be filed, but upon the filing and any other act necessary to preserve  
43 the legal or equitable right or to obtain the temporary injunction, the Parties shall  
44 thereafter promptly file a joint motion with the reviewing court or administrative law

3 forth herein.  
4

8 which shall specify the areas of disagreement, the Parties agree to conduct a conflict  
9 assessment meeting at a reasonable time and place, as mutually agreed upon, within  
10 thirty (30) days of receipt of the notice of conflict.  
11
- 12 c. If discussions between the Parties at the conflict resolution meeting fail to resolve the  
13 dispute, within forty (40) days of the receipt of the notice described in subparagraph  
14 a, above, the Parties shall conduct mediation in the presence of a neutral third party  
15 mediator. If the Parties are unable to agree upon a mediator, the County shall request  
16 appointment of a mediator by the Chief Judge of the Circuit Court in and for Sumter  
17 County, Florida. The mediation contemplated by this Section is intended to be an  
18 informal and non-adversarial process with the objective of helping the Parties reach a  
19 mutually acceptable and voluntary agreement. The decision-making shall rest solely  
20 with the Parties. The mediator shall assist the Parties in identifying issues, fostering  
21 joint problem-solving and exploring settlement alternatives.

36 Agreement, that Party shall notify the other Parties to this Agreement, in accordance with  
37 Florida law. Further, the transfers of any lands, transportation facilities (including  
38 roadways), parks, or any other public facilities under the terms of this Agreement shall  
39 not be reversed if this Agreement is terminated, except though a separate agreement in  
40 writing approved by both Parties.  
41

42 9. Noticing. All notices, consents, approvals, waivers, and elections that any Party requests  
43 or gives under this Agreement will be in writing and shall be given only by hand delivery  
44 for which a receipt is obtained, or certified mail, prepaid with confirmation of delivery

## Planning Services Service Delivery Sub-Agreement

---

This Planning Services Delivery Agreement (the "Agreement") is made and entered into this  
24 day of September, 2009, by and between the City of Webster  
("City") and Sumter County ("County").

WHEREAS, the City possesses Municipal Home Rule Powers pursuant to Article VIII,  
Section 2(b), Florida Constitution and Section 166.021, Florida Statutes; and

WHEREAS, the County possesses powers of self government as provided by general or  
special law, so long as such acts are in the common interest of the people of the County, said  
powers being held and exercised pursuant to Article VIII, Section 1(f), Florida Constitution and  
Section 125.01, Florida Statutes; and

WHEREAS, The County and City each provide planning, zoning, and development  
review services within their respective jurisdictions. This independent approach to planning,  
zoning, and development review services often leads to inefficient and uncoordinated  
development. Currently, coordination of planning, zoning, and development review issues occur  
in an informal manner.

WHEREAS, the Florida Interlocal Cooperation Act of 1969, Section 163.01, Florida  
Statutes, encourages and empowers local government to cooperate with one another on matters  
of mutual interest and advantage, and provides for interlocal agreements between local  
governments on matters such as joint planning; and

WHEREAS, the Municipal Annexation or Contraction Act, Chapter 171, Part I, Florida  
Statutes, and the Interlocal Service Boundary Agreement Act, Chapter 171, Part II, Florida  
Statutes, recognizes the use of interlocal service boundary agreements and joint planning  
agreements as a means to coordinate future land use, public facilities and services, and protection  
of natural resources; and

WHEREAS, the Local Government Comprehensive Planning and Land Development  
Regulation Act, Chapter 163, Part II, Florida Statutes, requires that counties and City include in  
their respective planning efforts intergovernmental coordination and particularly, mechanisms  
for identifying and implementing joint planning areas; and

WHEREAS, the State Comprehensive Plan requires local governments to direct  
development to those areas which have in place the land and water resources, fiscal abilities and  
service capacity to accommodate growth in an environmentally acceptable manner; and

WHEREAS, the State Comprehensive Plan requires local governments to protect the  
substantial investment in public facilities that already exist and to plan for and finance new  
facilities in a timely, orderly, and efficient manner; and

1 WHEREAS, the City and the County wish to identify lands that are logical candidates for  
2 urbanized development, the appropriate land uses and infrastructure needs and provider for such  
3 lands, ensure protection of natural resources, and to establish a unified countywide planning  
4 organization; and  
5

6 WHEREAS, the extension of the City and County facilities and services are most  
7 efficiently provided if the process and timing of long range planning and development review  
8 processes for the City and County are clearly identified and part of a unified countywide  
9 planning organization in advance of the City and County capital planning, commitment, and  
10 expenditure.  
11

12 NOW, THEREFORE, in consideration of the mutual covenants set forth in this  
13 Agreement, the receipt and sufficiency of which are hereby acknowledged, the City and the  
14 County agree that a coordinated and unified approach to planning, zoning, and development  
15 review will result in development patterns that protect and promote the health and welfare of all  
16 of the citizens of Sumter County and agree that a need exists to change said service delivery  
17 arrangements in the following manner:  
18

19 1. Planning Service Delivery.  
20

- 21 a. The County shall serve as the single, unified point of service for planning,  
22 zoning, and development review issues throughout unincorporated Sumter  
23 County including the City. This service shall be known for purposes of this  
24 Agreement as the "Unified Sumter County Planning Service". The Unified  
25 Sumter County Planning Service will provide staff support and  
26 recommendations to the City's planning or zoning review authority and  
27 governing body. The City's governing body shall retain independent approval  
28 of planning, zoning, and development review issues as provided by local  
29 ordinance and State law.  
30
- 31 b. The Unified Sumter County Planning Service will function and be funded as a  
32 Sub-division under Sumter County Board of County Commissioners.  
33
- 34 c. As needed, certain qualified staff members of City currently responsible for  
35 planning, zoning, and development review functions shall be provided the  
36 opportunity by the County to become employees of the Unified Sumter  
37 County Planning Service. However, the County is not obligated to employ or  
38 compensate every staff member of the City whose employment status is  
39 affected by the implementation of this Agreement.  
40
- 41 d. The County shall be responsible for funding of the staff and operational costs  
42 of the Unified Sumter County Planning Service.  
43
- 44 e. The County and City shall be independently responsible for costs related to  
45 studies for Community Redevelopment Agencies (CRA) or other special  
46 districts. If the parties hereto mutually determine that the cost of these studies  
47 must be shared amongst the affected jurisdictions, then a separate joint  
48 funding agreement is required to be approved by the governing boards of the

- 1 participating jurisdictions.
- 2
- 3 2. Unified County-City Comprehensive Plan. The County and City agree to prepare and
- 4 adopt a unified Sumter County Comprehensive Plan, consistent with Chapter 163, Part
- 5 II, Florida Statutes. This unified Sumter County Comprehensive Plan shall serve as
- 6 the comprehensive plan required for each jurisdiction pursuant to Chapter 163, Part
- 7 II, Florida Statutes. Preparation and adoption of the unified Sumter County
- 8 Comprehensive Plan shall occur as part of the Evaluation and Appraisal Report
- 9 (EAR) process (Section 163.3191, Florida Statutes) for Sumter County. Sumter
- 10 County's EAR is due to the Florida Department of Community Affairs by January 1,
- 11 2010, and the related amendments to the Comprehensive Plan by February 2011.
- 12
- 13 3. Municipal Service Area.
- 14
- 15 a. The Municipal Service Area (MSA) is defined as the area outside of the City's
- 16 boundary that constitutes a logical area for urbanized development and serves
- 17 as the Joint Planning Area (JPA), as more specifically defined in Section
- 18 171.202(11) and Section 163.3171, Florida Statutes;
- 19
- 20 b. The City shall demonstrate that public services are readily available or
- 21 planned to be provided within a reasonable timeframe within the MSA;
- 22
- 23 c. Consistent with Section 171.203(11) and Section 163.3171, Florida Statutes,
- 24 the County and City shall, at their earliest convenience, incorporate the
- 25 boundaries of the MSA into the Future Land Use Maps of their respective
- 26 Comprehensive Plans or of the Unified Comprehensive Plan, if the Unified
- 27 Comprehensive Plan is adopted;
- 28
- 29 d. The County and City shall transmit their respective Comprehensive Plan
- 30 amendments as soon as possible to assure compliance with any applicable
- 31 requirement of Chapters 163 and 171, Florida Statutes. The City and County
- 32 further agree that if approval of the Comprehensive Plan amendments by the
- 33 Florida Department of Community Affairs exceeds any applicable time
- 34 frames required by Statute for such approval, that this Agreement will remain
- 35 in full force and effect and the Parties will continue to work together to seek
- 36 approval of the required amendments; and
- 37
- 38 e. The MSA is shown on Map 1.
- 39
- 40 4. Global Changes to MSA Boundary. Global changes to the MSA boundary shall be
- 41 by amendment to the Comprehensive Plans of the County and City or Unified
- 42 Comprehensive Plan, if the Unified Comprehensive Plan is adopted, and shall, not be
- 43 effective unless jointly approved by both the County and City or determined through
- 44 dispute resolution.
- 45
- 46
- 47
- 48

1           5. Future Land Use Pattern.  
2

- 3           a. The City and County agree to the generalized future land use pattern for the  
4           MSA shown on Map 2. The City and County shall amend their respective  
5           Comprehensive Plan's or Unified Comprehensive Plan, if the Unified  
6           Comprehensive Plan is adopted, future land use maps to reflect the agreed  
7           future land use pattern. The County shall prepare the required amendments  
8           for the City and County through the Unified Sumter County Planning Service.  
9           If the Florida Department of Community Affairs fails to approve the  
10          amendments, this Agreement will remain in full force and effect and the  
11          Parties will continue to work together to determine the proper future land uses  
12          and obtain approval by the Florida Department of Community Affairs.  
13  
14          b. The County and City agree to utilize the results of the County's 2008  
15          countywide visioning process to provide a general framework for  
16          development of the generalized future land use pattern.  
17

18          6. Annexation within the MSA. Within the MSA, the City may annex property that is  
19          not contiguous, creates enclaves, or creates pockets with the understanding that the  
20          property proposed for annexation must meet the following criteria:  
21

- 22           a. Consistent with the prerequisites to annexation and consent requirements for  
23           annexation in Section 171.204 and Section 171.205, Florida Statutes;  
24  
25           b. Utilities are available or scheduled to be provided to the property within five  
26           (5) years;  
27  
28           c. A road directly impacted by the annexation, meaning such road directly abuts  
29           the property or otherwise provides significant service to the property, meets  
30           concurrency or concurrency deficiencies are mitigated through a binding  
31           agreement;  
32  
33           d. All other municipal services are available to the site; and  
34  
35           e. City has adopted the MSA as part of its Comprehensive Plan, as required by  
36           Section 171.203(11), Florida Statutes.  
37

38          7. Minor Amendments to MSA Boundary. The MSA may be expanded to include one  
39          specific property for annexation following joint approval by the City and County.  
40          Approval shall not be unreasonable withheld if the property meets the criteria for  
41          annexation within the MSA and there is no increase in density or intensity of  
42          development. If there is an impasse, the City and County will resolve through the  
43          dispute resolution process.  
44  
45  
46  
47  
48

1       8. Determination of Properties Partially in the MSA.  
2

- 3           a. If at least 50% of the area of the property proposed to be annexed is within  
4           the MSA, then the property shall be treated as if it were all within the MSA  
5           for purposes of this Agreement;  
6  
7           b. If less than 50% of the area of the property to be annexed is within the MSA,  
8           then it shall be treated as outside the MSA for purposes of this Agreement;  
9           and  
10  
11          c. The above provisions shall not be construed so that a property owner could  
12          not choose to annex a portion of a property inside the MSA.

9  
10 b. Roads designated as "Emerging Regionally Significant" by the LSMPO as indicated  
11 on the attached Map "3" will be maintained by the County for up to three (3) years  
12 after the City annexes 51% of the linear footage of the road in order to allow time for  
13 full consideration of the road to transition its classification to a "Regionally  
14 Significant" road. If the road is not classified as "Regionally Significant" after this  
15 three (3) year period, then the road shall be transferred to the jurisdiction and  
16 maintenance responsibility of the City. However, if at any time prior to or after the  
17 three (3) year period the road becomes classified as "Regionally Significant" by the  
18 LSMPO the County shall maintain, if prior to the three (3) year period, or be  
19 transferred, if after the (3) year period, jurisdiction and maintenance responsibility for  
20 the road;

33 regionally significant road between two major intersecting roads. Major intersecting  
34 roads shall be those roads as identified on Map "3" and any other road which is not

36  
37 f. The 51% is calculated based on the frontage of annexed parcels on each side of the  
38 road segment between two major intersecting roads; and  
39  
40  
41 g. Once 51% or more of a segment is annexed, the entire road segment between the two  
42 major intersecting roads will be deemed annexed into the City and under the City's  
43 jurisdiction, and ownership and the City will be fully responsible for all maintenance  
44 and other responsibilities of the road;  
45  
46 h. Any County or City agreements for road improvements with other governmental or  
47 private entities existing at the time of the approval of this Agreement shall remain in

6 ownership of the right of way and all of the other rights and responsibilities related to  
7 the roads other than those which fall within the purview of law enforcement.

36 trails/sidewalks, bicycle trails, etc.;

39 (CMS) through the LSMPO. The City and County agree to update the system when  
40 applicable including de-minimus trips. The City and County agree to share the cost  
41 of this system based upon the most recent University of Florida Bureau of Economic  
42 and Business Research (BEBR) population percentages; and  
43
- 44 e. The City and County agree to update the CMS with yearly traffic counts.  
45
- 46 4. Review of Development within the MSA.  
47

- 1 a. Within the MSA, the City and County agree to contract with the LSMPO to review  
2 all traffic impact studies for development meeting a mutually acceptable threshold;  
3 and  
4  
5 b. Within the MSA, the City and County agree to enter into Proportionate Share  
6 Agreements or other similar agreements, for development meeting a mutually  
7 acceptable threshold, with the City, County, developer, and other impacted  
8 jurisdictions to establish required traffic mitigation and responsibility for mitigation.  
9

10 5. Funding.  
11

- 12 a. The County may establish a Municipal Services Benefit Unit (MSBU) or a Municipal  
13 Services Taxing Unit (MSTU) to fund improvements of County or City roads. If the  
14 County wishes to extend the MSTU into the City, it must obtain the agreement of the  
15 City Commission. The City may request that the County establish a MSTU in areas  
16 of the City and County to provide funding for improvements to interjurisdictional  
17 roads. If the City requests the establishment of MSTU, then the City shall fund and  
18 complete the necessary studies and analysis to establish MSTU. If a MSTU is  
19 pursued by the County, then the County shall fund the costs of the necessary studies  
20 and analysis to establish the countywide MSTU. If the County and City jointly pursue  
21 a MSTU, then the City shall fund their proportionate share of the costs of the  
22 necessary studies and analysis to establish the joint MSTU. The proportionate share  
23 shall be based on the percentage of the City's population compared to the total  
24 countywide population using the most recent population estimated by BEBR;  
25  
26 b. The City may establish a special assessment within the City limits to fund  
27 improvements of City roads as long as the City meets all of the requirements of  
28 Chapter 170, Florida Statutes.  
29  
30 c. The County shall collect 100% of the applicable County road impact fees within all  
31 areas of the City, to mitigate for impacts to County and State roadways; and  
32  
33 d. Within the City limits, the City may also enact additional road impact fees that do not  
34 duplicate the County's road impact fee; and  
35  
36 e. City and County will work together on funding sources for capital improvements  
37 relative to transportation within the MSA.  
38

39 6. Maintenance.  
40

- 41 a. "Regionally Significant" roads within the MSA: The City and County may enter into  
42 maintenance agreements for certain segments of "Regionally Significant" roads  
43 within the MSA. The County agrees that the City shall be justly compensated for any  
44 and all maintenance subjugated to the City through a maintenance agreement. These  
45 maintenance agreements shall include, but not be limited to:  
46

- 1 i. Any mowing, edging, tree trimming, maintenance of shrubs, flowers, trees,  
2 special grasses, ornamentals, or irrigation of rights-of-ways outside the pavement  
3 or edge of curb and within medians;  
4
- 5 ii. Jurisdiction for all stormwater drainage and retention systems associated with the  
6 "Regionally Significant" road systems; and  
7
- 8 iii. The cost of maintenance shall be negotiated between the parties on an annual  
9 basis as part of the budgetary process.  
10
- 11 b. The County will be responsible for all stormwater drainage retention systems  
12 associated with "Regionally Significant" roads. If the City agrees to mow these  
13 areas, the City will be justly compensated; and  
14
- 15 c. All non-"Regionally Significant" whose jurisdiction is transferred to the City under  
16 the terms of this agreement shall be maintained by the City unless otherwise agreed  
17 to in a separate maintenance agreement.  
18
- 19 7. LSMPO Representation. If and/or when Sumter County has two (2) or more voting  
20 representatives on the LSMPO Governing Board, then the County shall ask that one of  
21 the voting members be an annually rotating Sumter County municipality. Once a  
22 municipality joins the LSMPO Board as an independent voting member, then they will  
23 not be eligible to participate on the rotation.

8

9               WHEREAS, the City possesses Municipal Home Rule Powers pursuant to Article VIII,  
10       Section 2(b), Florida Constitution and Section 166.021, Florida Statutes; and  
11

12              WHEREAS, the County possesses powers of self government as provided by general or  
13       special law, so long as such acts are in the common interest of the people of the County, said  
14       powers being held and exercised pursuant to Article VIII, Section 1(f), Florida Constitution and  
15       Section 125.01, Florida Statutes; and  
16

17              WHEREAS, The County and City each provide building permitting and inspection  
18       services within their respective jurisdictions. This independent approach to building permitting  
19       and inspections does not allow for the most efficient provision of this service. Currently, there is  
20       minimal coordination of building permitting and inspection issues; and  
21

22              WHEREAS, the Florida Interlocal Cooperation Act of 1969, Section 163.01, Florida  
23       Statutes, encourages and empowers local government to cooperate with one another on matters  
24       of mutual interest and advantage, and provides for interlocal agreements between local  
25       governments on matters such as building permitting and inspection services; and

28       Statutes, and the Interlocal Service Boundary Agreement Act, Chapter 171, Part II, Florida  
29       Statutes, recognizes the use of interlocal service boundary agreements and joint planning  
30       agreements as a means to coordinate public services such as building permitting and inspections.  
31

32       NOW, THEREFORE, in consideration of the mutual covenants set forth in this Agreement, the  
33       receipt and sufficiency of which are hereby acknowledged, the City and the County agree a  
34       unified approach to building permitting and inspection services will result in a more efficient and  
35       cost effective method of service and promote the safety and welfare of all of the citizens of  
36       Sumter County and agree a need exists to change said service delivery arrangements in the  
37       following manner:  
38

39              1. Service Delivery Agreement.  
40

- 41              a. The County shall serve as the single, unified point of service for building  
42                 permitting and inspections services in unincorporated areas of the county and  
43                 within the City. This service shall be known for purposes of this Agreement as the  
44                 "Consolidated County/City Building Services". The Consolidated County/City  
45                 Building Services shall provide the staffing and resources for all building permit  
46                 application processing, building permit plan review, building inspections, and  
47                 code enforcement. The Sumter County Building Official shall serve as the

- 1 Building Official for the City. The building permit processing, review, inspection  
2 services, and code enforcement shall be provided consistent with the City's local  
3 ordinances and State law.  
4
- 5 b. The Consolidated County/City Building Services will function and be funded as a  
6 Sub-division under Sumter County Board of County Commissioners.  
7
- 8 c. The County shall be responsible for funding of the staff and operational costs of  
9 the Consolidated County/City Building Services. Funding for the Consolidated  
10 County/City Building Services shall be generated from fees collected for building  
11 permit applications, reviews, and inspections within unincorporated Sumter  
12 County and the City. Fees collected for building permits, reviews, and  
13 inspections within the City shall be based on the City's fee schedule in effect on  
14 May 5, 2008. Each month, the County shall return to the City 20% of fees  
15 collected for building permit applications, reviews, and inspections for properties  
16 within the City.  
17
- 18 d. The County and City agree to prepare and adopt unified operational procedures  
19 for building permit processing, review, and inspections to assure a high level of  
20 service to customers without undue delay.  
21
- 22 2. Fire Inspections and Plan Review. Consistent with existing interlocal agreement(s), the  
23 County, through Sumter County Fire Rescue, shall, pursuant to Section 633.0215, Florida  
24 Statutes, and Section 901 of Florida Building Code, utilize the Florida Fire Prevention
